REPORTS:

Golf Professional – Bill Kubinski

Revenue update: Revenue continues to be up 9% year to date over FY23. Waiting on deposits from a couple outings in September. Junior camp will be going off June 24, 25, 26 & we would like to block the first tee for a couple hours June 26th with the Boards approval to get the kids out on the course. Kade Howard (assistant golf professional) gives updates on junior camp activities. The first order of business will be club safety, course etiquette, and rules. The driving range will be used for mid-range and distance

shots, practice green will be used for chipping and putting lessons. Snacks and water will be available throughout the day and lunch will be served.

Chairman McBride: I will entertain a motion to close the first tee on June 26th after the senior league for the junior camp.

Motion – Archambeau Second – Morton – motion passes 4-0.

Superintendent – Ryan Linton

The golf course remains in good shape with all daily maintenance up to date. We updated the landscaping around the veteran's memorial in preparation for Memorial Day. Removed old dying holly bushes and replaced with Salvia and ornamental grasses and freshened up the stone around memorial and clubhouse. Two summer help employees will start on Monday May 20th, which will help us get caught up on little projects and tidying up the property. With that I will open it up to questions.

Archambeau – I noticed the ponds on the property are starting to get covered in algae, has the pond committee been notified of this or have we had much communication between the boards.

Discussion on Wade Pond and the recreational uses and potential uses

Linton- I will reach out to the Pond Committee via email to ask if Wade Pond can be included in any future studies or treatment programs.

Correspondence: None

Liaison Reports:

Budget & Finance – McBride: The annual budget was approved last night at the Town Meeting along with our capital requests of a new green's mower and kitchen improvements.

Clubhouse Operations – Nothing to report.

Grounds & Course Maintenance- Nothing to report.

Information & Technology – Nothing to report.

McBride: I would like to start the conversation about replacing our irrigation system. After conversations with our superintendent, it is becoming clear that our current irrigation system is failing and will eventually need to be replaced. We have had conversations in the past regarding the pump station, however I feel we need really look into a larger project. I would like to start by having our superintendent reach out to a firm that will help us through the process and be ready to go to the October Town Meeting to ask for the funding to hire a firm that will help us with the planning and funding process.

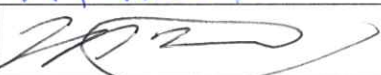

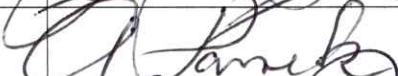

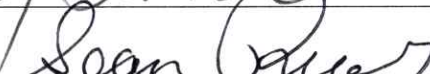

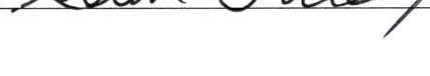

Linton: We dedicate so much time right now just to irrigating and fixing the current system it becomes challenging for myself and our assistant superintendent to get anything else done. Tigh and Bond have done work here in the past with the existing pump house / water withdrawal permits and culverts. I can start by reaching out to them and an irrigation consultant to get the process started.

There being no further business, motion to adjourn is entertained:

Motion to adjourn- All in favor.
Respectfully submitted: *Ryan Linton*
