- The golf course is hanging in pretty good shape for the end of July. The past 6 weeks have brought extremely high disease pressure with the combination of heat, humidity,

and rain fall. We have continued to have irrigation issues, we repaired two leaks today on numbers 16 & 17 and we've been struggling with another electrical issue out on 14. Greens Aerification is scheduled for August 26th & 27th, we have our stump grinding company scheduled for next week and waiting for the generator company to schedule the repair as soon as the parts come in.
